

붙임2
Research Outcomes Report

Research Outcomes	International Joint Workshop on the Topic Chemical Engineering for Global Sustainability																											
Performance Objectives	Information exchange on Global Sustainability topics through international joint workshops																											
Type of Performance	<input type="checkbox"/> Research Article(Paper) <input type="checkbox"/> Patents <input type="checkbox"/> Researcher Exchange <input type="checkbox"/> Researcher Engagement <input checked="" type="checkbox"/> Information Exchange <input type="checkbox"/> Others																											
Description of Performance Type	Hosting an international joint workshop																											
Research Institutes	Seoul National University / Jungwon Park																											
Attachments (Image, Photograph, Ect.)	 <p><Photo of researchers attending the Chemical Engineering for Global Sustainability workshop></p>																											
Achievement Date	2025.02.10.-2025.02.11																											
Summary of Performance	<ul style="list-style-type: none"> • Introduction of the purpose and research plan of the Global C2H Research Center to researchers at Stanford University • Presentation of research being conducted by the research group PI (Professor Jungwon Park) and participating professors/researchers in the Global C2H Research Center project • Introduction of research by participants outside the research group and discussion of joint research with the center 																											
Description of Performance	<ul style="list-style-type: none"> • During the two-day workshop from 2.10 to 2.11, researchers from other research institutions as well as the participating institutions participated and exchanged information. In the case of oral presentations, in addition to professors, young researchers at the doctoral level were included to exchange opinions on the topic from various perspectives. This workshop was conducted as an open workshop, so undergraduate and graduate students at Stanford University freely participated and listened to presentations on the Global C2H Research Center and research contents. • Participating organizations and presenters <table border="1"> <thead> <tr> <th>Affiliation</th><th>Organization</th><th>Presenter</th></tr> </thead> <tbody> <tr> <td rowspan="2">Global C2H Research Center</td><td>Seoul National Univ.</td><td>Prof. Jaevune Ryu, Prof. Jungwon Park</td></tr> <tr> <td>Stanford Univ.</td><td>Prof. Thomas Jaramillo, Ph.D Lin Yuan, Ph.D Sang-Won Lee, Ph.D Serin Lee, Ph.D Dong Un Lee,</td></tr> <tr> <td rowspan="6">Other Affiliations</td><td>Seoul National Univ.</td><td>Prof. Do Heui Kim, Prof. Yousung Jung,</td></tr> <tr> <td>Stanford Univ.</td><td>Prof. Jaewook Nam, Prof. Jeyong Yoon</td></tr> <tr> <td>Technical Univ. of Denmark</td><td>Prof. Brian Hie, Prof. William Chueh, Ph.D Donggun Eum</td></tr> <tr> <td>Univ. of California, Berkeley</td><td>Prof. Tejs Vegge</td></tr> <tr> <td>Univ. of Toronto</td><td>Prof. Peidong Yang, Ph.D Hyungjoo Noh, Ph.D Jaewan Mun</td></tr> <tr> <td>Lawrence Livermore National University</td><td>Director Paradaic Foley</td></tr> <tr> <td></td><td>Massachusetts Institute of Technology</td><td>Director Brandon Wood</td></tr> <tr> <td></td><td></td><td>Ph.D Jimin Kim</td></tr> </tbody> </table>	Affiliation	Organization	Presenter	Global C2H Research Center	Seoul National Univ.
